

Junior Controller

We are looking for a (Junior) Controller to strengthen our team.

Do you want to be part of an international Company who is combatting climate change? Do you want to set the next steps for your career? Do you want to be part of the future of Agricultural Technology? Do you want to be trained on the job by the CFO personally?

Then stop looking, because you found the perfect job for you! Pessl Instruments, a leading international company in the field of IoT for Agriculture offers you a flexible and dynamic environment with opportunities to grow personally and professionally.

Sounds interesting?

Then come and join the team as (Junior) Controller in Weiz, Austria.

WHAT WE ARE OFFERING

We know your commitment is important to our success. Therefore, we offer a long-term, varied job with a reliable employer with a very good working atmosphere, a family-friendly corporate culture, which allows you a large degree of personal responsibility. Flexible working hours (flextime and home office) as important building blocks for excellent cooperation are a matter of course.

We firmly believe in the development of our employees, so there is extensive onboarding by the CFO himself. The opportunity to attend training and further education courses, which we decide together in a development plan.

At Pessl Instruments we like to have fun. We are working for a better tomorrow, however always with a smile on our face. Do you want to part of that?

You will get trained on the job, by the CFO personally. He will invest a lot of time in you to make sure you got the best basis to succeed in your job and your future career within the Pessl Group (or elsewhere).

For this exciting and varied position with a lot of creative freedom, we offer you an attractive salary in line with the market (depending on qualifications and experience). The collective minimum salary for this position is € 2,850.00 gross. The actual salary depends on your professional qualifications and experience! We are happy to overpay. Do you have a creative idea how we can reward you? Please let us know and if it's a good idea we'll give it to you.

Of course, you get all the standard stuff, other companies are offering as well such as free parking, 25 vacation days, home office, flextime, etc.

YOUR TASKS AND RESPONSIBILITIES

We are a budget and forecasting driven company. We need you support in preparing the budget, the forecast and the monthly/yearly close from the group and our subsidiaries together with an international team (We have 10+ subsidiaries and we are growing).

Because we are based in Austria, we have to deal with the local requirements in Austria, therefore knowledge about Austrian Taxes and GAAP is part of your toolset, whereas knowledge about Austrian Taxes is more preferred.

If you think you have great ideas about the development of digitalization and automation of reporting methods, you are very welcome to implement them.

Our business is very dynamic, yes there is daily/monthly/yearly operational work which has to be done, however due to the very nature of our business there is also a lot of ad hoc work which has to be prepared. Which we think is fun!

To find out more about our company and our products, please have a look at [metos.at](https://www.metos.at).

YOUR TASKS AND RESPONSIBILITIES

You have great analytical skills; you work accurate and have a structural way of working. This means that you collect, organize, visualize and assimilate data, which let you see patterns, draw conclusions and find solutions to boost the performance of the company and its subsidiaries.

We are looking for someone with first experiences in controlling, effectively this means you know a thing or two about taxation (i.e. internationally and Austria). You know how to set up a budget. You know how to retrieve information from ERP systems or employees and based

upon that information provide the CFO with a readymade decision package.

Microsoft Dynamics Business Central is our ERP/CRM system. You have experience with Business Central and you help to further develop it within the Pessl Group.

As local taxation is part of your work, proficient German is a must (i.e. B2). Our company language is English and therefore a proficient level of English is a must (i.e. B2).

If you are ambitious, we are also ambitious. The Pessl Group is growing and opportunities for ambitious employees are always around the corner!

OUR CULTURE

We are an international company with 14 nationalities, where our CEO knows all employees by name, where there are flat hierarchies and no dress codes. We are a family-oriented company, which also contributes to having a good work-life balance.

The company was started 38 years ago and is a pioneer in agricultural technology (AgTech). The growth of our sector is enormous for the next 10 years. We aspire to be the leader in our industry and work hard every day to improve our products.

FINAL THOUGHTS

Do you think this is the job for you? Then don't hesitate and send you resume to us. There is no need to write a lengthy cover letter, let your resume speak for itself!

If you would like to learn more and clarify initial questions in person, please contact us via e-mail: hr@metos.at. The contact person handling this job ad is Elisabeth Kleinhappl.
